**“Clean-up Rulemaking”**

The Colorado Oil and Gas Conservation Commission will consider additions and amendments to the Commission’s Rules of Practice and Procedure, 2 C.C.R. 404-1. On January 19, 2012, Executive Order D 2012-002 directed Colorado’s state agencies to undertake a periodic regulatory efficiency review of their rules. This “Clean-up Rulemaking” is part of that review and is designed to make Commission Rules easier to understand and more consistent, effective, and efficient.

Prehearing statements and comments were received from interested parties on July 9, 2014.

A second stakeholder meeting is scheduled for Wednesday, July 16, 2014 from 3:00- 5:00 p.m. at the Colorado Oil and Gas Conservation Commission, 1120 Lincoln Street, Suite 801, Denver, Colorado. There will be an option to call in to participate via phone at 877-820-7831, participant code 326793#
