Reporting of Spills and Releases

On May 8, 2013, Governor Hickenlooper signed into law, House Bill 13-1278, relating to the reporting of spills. The rules require oil and gas operators to report any spill or releases of one barrel or more of exploration and production waste within 24 hours after the discovery. The operator is required to make a report to the COGCC as well as to either the municipality or county where the spill occurs. The report must include any information available to the operator concerning the type of waste involved in the spill. There are proposed changes to Rule 300 Series and 900 Series to implement the legislation.

A stakeholder meeting is scheduled for October 21, 2013 from 3:00- 4:30 p.m. at the Ralph L. Carr Colorado Judicial Center, Conference Room 1E, 1300 Broadway, Denver, Colorado.
