# Pending (pre January 15, 2021) Form 2As and Form 2s

1. The Form 2s & 2As that were *pending* (In Process, On Hold, Delayed, Rejected) on January 14, 2021 will not be reviewed by COGCC staff.
2. If an operator still wants to have any of those locations and wells approved, they will have to create & submit replacement Form 2As and replacement Form 2s.
3. The Commission has instructed operators to notify the COGCC which of these “old” pending Form 2As and 2s they intend to replace.
4. This notification is required by March 1, 2021.
5. To facilitate this notification, COGCC staff has created an “Operator Report” tool to generate a list of “old” pending Form 2As and 2s. (<https://cogcc.state.co.us/permits.html#/permits>)
6. Operators should email their completed list to Penny Garrison and John Noto.
7. Beginning on March 2, 2021 COGCC staff will withdraw any “old” pending Form 2As and 2s for which the operator has not provided notice of their intent to replace.

## Form Instruction Pages - Make Way for the New & Archive the Old

- The new Mission Change Guidance page now has over 50 documents listed.  
(<https://cogcc.state.co.us/sb19181.html#/guidance>)
- All those documents will remain there and new documents will continue to be added.
- Updates to the existing form instructions pages will begin this week.  
(<https://cogcc.state.co.us/reg.html#/forms>)
- Any new Mission Change form instructions will now be posted on the appropriate form's page as well as in the list on the Mission Change Guidance page.
- The current "old" form instructions will be available in a separate archive section at the bottom of each page.
